## Chair's Report

I wrote to you at the end of last year summarising our progress and achievements in 2021. Covid has caused very many problems and is still doing so in 2022, being present in the hospital as I write in April 2022 despite best efforts to keep it away. Our wonderful gardening team have been able to continue working in the lovely garden however the Day Centre remains closed and naturally enough we are unable to take round a trolley. We are not permitted to hold fundraising events in the grounds so I am afraid we will not be able to hold our annual fete again this year. We do plan to hold an event in late September – a coffee morning with coffee and cakes. We are moving this forward from November so that, if necessary, we can leave the doors and windows of the Church Hall open to improve ventilation. More details to follow.

Despite Covid we have really been able to help the hospital. The new Xray machine has been ordered and should be with us later in 2022. Tony and I have worked to get this accepted for some years now and we are so pleased that we have been able to retain this facility and that the service will be improved. We have also supported a minibus for CATS (to help transfer people to clinics in the hospital and when it reopens the Day Centre) and a number of smaller items including doing what we can to support the staff at this critical time. This would not be possible without the generous support of all our members.
